TECHNICAL DATA SHEET

Description

HALYARD* **PURE**ZERO* HG5 Blue SGX* Nitrile Cleanroom Gloves with SMOOTH GRIP TECHNOLOGY* (SGX*) are 12" long and designed for semiconductor, pharmaceutical and medical device manufacturing applications. These gloves are clean processed (washed repeatedly in deionized water) to ensure consistent control of low particles and extractables and can be double donned. They are recommended for use in ISO Class 5 or higher and Grade B/C/D cleanrooms. Because HALYARD* **PURE**ZERO* HG5 Blue SGX* Cleanroom Gloves have an **accelerator-free**¹ formulation, there is a reduced risk of allergies and skin irritation associated with accelerator chemicals in other nitrile gloves.
